

Dear Parents and Carers,

RE: 2022 Primary School Stationery List

In the Primary School at Kimberley College, we provide all curriculum booklets, and printed resources for students over the course of the year. We also provide some specific stationery items that assist in the preparation of term projects.

The attached stationery list provides an outline of items that your child/ren in grades 3-6 will require to commence the school year. There is no stationery list for P-2 students.

As you are aware, Kimberley College is continually endeavouring to reduce our footprint and operate sustainably. We encourage the re-use of items wherever possible and understand that many of these items may already be available from home, or reused from previous years. Other items may be purchased from any retailer of your choice.

We thank you for assisting us in starting the year equipped and organised.

Yours sincerely,

Kristy Shepherdson

Primary School Coordinator
